							--	--	--	--	25	10	25@	10	--	--		

IKS Content: Total Learning Hours for Term:0 Hrs

Indicates Online Examination, @ Internal assessment

1.0 RATIONALE:

An engineer or technician has to carry out variety of tasks & face problems and situations in his/her professional life. He/she has to convey his ideas, communicate with people. Effective presentation of ideas, thoughts and information becomes a requisite skill for him/her.

The student should be aware about the concepts, fundamentals, objectives and essential hardware and software required for the execution of project.

The involvement of student in the Project based Seminar course will help him to plan and prepare the related topic by searching information from various sources, interact with others, analyse the information, document the content and present.

2.0 INDUSTRY / EMPLOYER EXPECTED OUTCOME:

To understand and present the implementation strategy of industry/society need based projects.

3.0 COURSE OUTCOMES:

1. To develop the abilities to search necessary information about proposed project
2. To suggest and discuss ideas through project based seminar
3. To collect data, information, literature from various resources
4. To develop planning of seminar activities
5. To develop skills to communicate the problems and solutions
6. To develop skill to prepare reports and presentation

4.0 COURSE DETAILS:

Activity No.	Activities
1	Briefing and discussion about selection for project based seminar topics in class.
2	Search project based seminar topics and approval of project topic by Project Guide from searched topics.
3	Collection of data and literature for project based seminar through: Internet/ industrial visits/Journals/Books/EBooks etc.
4	Preparation of synopsis/report of seminar topic: print draft copy
5	Submission of seminar synopsis to guide (Printed copy)
6	Discuss with the Project Guide about preparation of seminar document
7	Preparation of project based seminar by the students
8	Editing and revising the project based seminar document
9	Submission of Hard copy & Soft copy of project based seminar report and power point presentation to Project Guide
10	Seminar Presentation to Project Guide, department faculty members and students

The above listed activities related to Project Based Seminar should be discussed with the Project Guide time-to-time throughout the semester and finally present the Seminar work.

SNo	Suggestive topics for Project topic in Computer/Information Technology
01	Artificial Intelligence and Machine Learning
02	Cyber security.
03	Cloud Computing
04	Internet of Things (IoT)
05	Data Science and Big Data
06	Software Development
07	Augmented Reality (AR) and Virtual Reality (VR)
08	Blockchain Technology
09	Network and Communications
10	Quantum Computing
11	Edge Computing
12	Bioinformatics
13	Robotics and Automation
14	Digital Privacy
15	Any other problem/task in society related to Computer/Information Technology / multidisciplinary

***Topics of Project based seminars will vary as per requirements of particular program**

5.0 ASSESSMENT METHODOLOGY

Summative Assessment-(Assessment of Learning)

- Presentation and discussion based on Project topic

6.0 Learning Resources:

Magazines, Journals, Papers: National & international Reference Books, Internet, Previous seminars, Text Books, Codes of Practices e. g. IS Codes, Video Cassettes, Audio Cassettes, Compact Discs, Charts, Transparencies, Software, Models, Industrial visits, expert lectures/workshops

7.0 Guidelines for Seminar:

1. Submission of Seminar Document:

- The student shall get the seminar draft approved from Guide and complete final document.
- Each student shall prepare two hard copies of final seminar document and retain one copy with student and submit one hard copy along with soft copy for department.
- The structure of the seminar document shall be as per the following format: Certificate / Acknowledgement / Index / Introduction / Detailed content / Conclusion / References.
- The seminar report shall be of minimum 10 pages and max. 20 pages with 1.5-line spacing. Font: New Times Roman, left margin 3 cm, right margin 1.5 cm, top margin 2 cm, bottom margin 2 cm, header & footer 1.5 cm, page numbers, size of font 12 pt, paragraphs left and right justified. It should be certified by seminar Guide and Head of department.

2. Evaluation of Seminar:

Evaluation of seminar will consist of Progressive Assessment, Presentation

i. Progressing Assessment:

1. Progressive assessment will be based on attendance, searching of various seminar topics, selection of title, collection of data from internet, Journals, Literatures, organization of data and preparation of document.
2. The student has to get seminar document assessed from guide regularly.
3. The attendance of the student shall carry 05 marks as follows
 - a. Below 75 % : 00 marks
 - b. 75 % and below 80 % : 02 marks
 - c. 80 % and below 85 % : 03 marks
 - d. 85 % and below 90 % : 04 marks
 - e. 90 % and above : 05 marks

ii. Presentation of Seminar:

1. The time for presentation shall be 7 to 10 minutes per student
2. The question answer session time shall be 2 to 3 minutes per student
3. Evaluation of presentation of seminar will be carried out by a panel of teaching staff from institute based on the following point
 - a. Confidence and courage
 - b. Technical knowledge acquired
 - c. Presentation skill
 - d. Use of presentation medium eg. A/V aids, animation

i. Marking scheme for Seminar.

Progressive assessment	Report quality	Technical knowledge	Presentation skill	Use of media	Total
25	05	05	10	05	50

6. MAPPING MATRIX OF PO'S AND CO'S

Course Outcomes	Programme Outcomes (PO's)							Programme Specific Outcomes (PSO's)		
	1	2	3	4	5	6	7	1	2	3
CO1	M				H	H	H			M
CO2			M		H	H	H			
CO3	M					H		M		
CO4						H				
CO5		H							M	
CO6						H				H

H: High Relationship M: Medium Relationship L: Low Relationship
